

POLYURETHANE SOLUTIONS FROM START TO FINISH

Automotive

E-Mobility, Lightweight, Environment & Sustainability

New Mobility & Specified Solutions

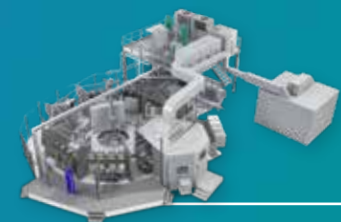

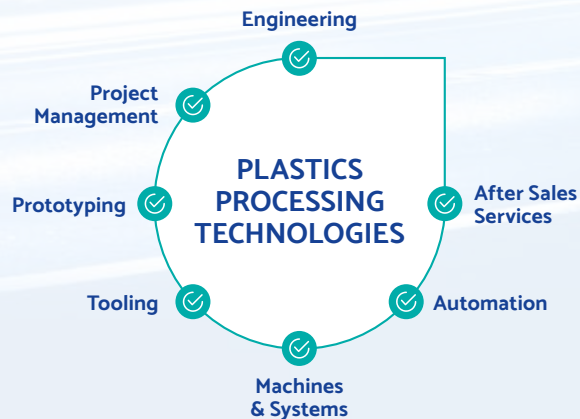

Individualization & Variety of Surface Designs

Digitalization & Integration of Functions

SERVICE FROM START TO FINISH

We support our customers from start to finish, from the early development phase until series production and After Sales Service. Together, we bring your ideas into production.

PU PROCESSING SOLUTIONS FROM FRIMO INNOVATIVE TECHNOLOGIES

FRIMO Innovative Technologies offers a complete portfolio of machines and tools for **PU applications**. This comprises equipment for processing materials such as flexible, semi-rigid, rigid and integral foams, as well as for casting systems, filled PU systems and spray applications. The portfolio ranges from model techniques, tooling technology, mold carriers, stationary and mobile systems for polyurethane processing, to all aspects of wet technology including peripherals.

In addition to PU processing, FIT also offers technology solutions for **Flexible Trimming, Punching, Pressing/Forming, Thermoforming, Press Laminating, Edge Folding, Welding and Gluing**, as well as all necessary upstream, intermediate and downstream process steps.

FRIMO EQUIPMENT TECHNOLOGY

- **Stationary Systems**
 - Diverse layouts
 - Closed, open or manual pour
 - Robotic pour, stationary or on 7th axis
- **Mobile systems**
 - Turn tables
 - Overhead track systems
 - PRe FLOOR track systems

PU Processing solutions by FRIMO Innovative Technologies offer project specific advantages, e.g. cost saving, reducing of CO₂ footprint/emissions, improved energy efficiency, material saving, simplified application or production process, integration of functions, bundling of technologies and reduction of production cycles and assembly times.

Bring your ideas into production - We look forward to supporting you in future projects.

FRIMO PU WET TECHNOLOGY

- **Metering machines**
- **Mix heads**
- **Spray heads**
- **Switching stations**
- **Peripheral equipment**

FRIMO FOAM TOOLS

- **Foam tools**
- **Back foaming tools**
- **Front foaming tools**
- **Spray tools**

FRIMO MOLD CARRIERS

- **Electric mold carriers**
- **Pneumatic mold carriers**
- **Hydraulic mold carriers**
- **Manual mold carriers**
